42 progressive exercises to piano technique

~~€58.08~~ €53.08

You Save: €5.00

The fundamentals of piano technique exercises ordered progressively in 42 cards and 42 video demonstrations.

The technique for the wellness of the pianist. In this work of 1989 (revised in 2012), the author applies to teaching the piano with its principles of education of the person, **a liberating education of the body, emotion, intellect and spirituality.**

Each card provides guidance on how to study, the formula for the exercise, a detailed explanation of the **movements** to be performed, the development of the exercise in all the **variations** of height, speed, dynamic and articulation marks.

The videos that accompany each lesson exemplify the execution of each exercise. Performed personally by the author, is to provide an immediate view of the correct understanding of movements and positions.
